

## BELIEVES GREAT R. R. STRIKE WILL BE WARDED OFF

United States Mediation Board Member  
Goes Into Conference with  
President Wilson.

Washington, Aug. 5.—Returning from New York early yesterday, Judge Chambers of the United States board of mediation and conciliation went into conference with President Wilson at 9 o'clock, regarding the threatened strike of 400,000 railway employees.

"I am inclined to think the score about the situation at present is greater than the actual facts," Chambers said before going into the White House. "I believe the situation is going to work out satisfactorily."

The Senate interstate-commerce commission and the United States Chamber of Commerce applied itself yesterday to consideration of a method to prevent the threatened strike.

The chamber wants the Senate committee to give it a hearing. It probably will be granted. Arbitration by the interstate-commerce commission will be urged by the chamber.

### ROBINS SUPPORTS HUGHES

Big Progressive Leader Gets on the Bandwagon.

New York, Aug. 5.—Raymond Robins of Chicago, who presided over the Progressive national convention in Chicago last June, will support Charles Evans Hughes in the presidential campaign. Mr. Robins will issue a statement today to the Progressives of the country declaring for the Republican nominee. From that time on he will co-operate with Colonel Theodore Roosevelt, George W. Perkins and other Progressive leaders in working to defeat President Wilson.

Mr. Robins gladly enlists under the leadership of Mr. Hughes, whose nomination by the Republicans, in his opinion, was the result of the Progressive movement in American politics.

The decision of Mr. Robins to support Mr. Hughes comes as a blow to the managers of President Wilson's campaign. Since the Chicago conventions Democrats were inclined to believe that eventually he would declare for the president. It is even said that Mr. Robins had offered the Democratic gubernatorial nomination in Illinois and that his friends had indicated that he would accept it. The first intimation Democrats had that Mr. Robins had decided to join the Republican ranks came Thursday afternoon when he was seen in an automobile with Mr. Perkins. Before that time, however, Mr. Robins' declaration for Mr. Hughes was in the hands of the press.

Chairman William R. Wilcox of the Republican national committee returned yesterday morning from Washington, where he met Republican senators and congressmen the night before. He said that he had many interesting talks and had received much valuable information. A large part of the chairman's time yesterday morning was devoted to considering railroad plans for Mr. Hughes' tour of the West, which will start tonight. The present arrangement is to attach

## SEVERE RHEUMATIC PAINS DISAPPEAR

Rheumatism depends on an acid in the blood, which affects the muscles and joints, producing inflammation, stiffness and pain. This acid gets into the blood through some defect in the digestive process.

two special cars to the regular train, one for the nominee and his party and the other for the newspaper men. Requests are coming into headquarters, however, from other newspapers for accommodations for their representatives, and it may be necessary to put on a third car.

### 30,000 Miles of Travel for Hughes.

Railroad officials who are working out train schedules estimate that before the end of the campaign Mr. Hughes will have traveled more than 30,000 miles. The nominee's first tour of the West and the swing into Maine that will follow will cover approximately 9,000 miles. During September and October Mr. Hughes will travel faster and speak more often than he will this month. Besides the newspapermen who will accompany Mr. and Mrs. Hughes, there will be a secret service man, a physician, Mr. Hughes' secretary, a publicity representative, a messenger, photographers and possibly a moving picture operator.

Washington, Aug. 5.—Chairman Webb of the House judiciary committee yesterday presented the report of the subcommittee investigating impeachment charges against H. Snowden Marshall, United States attorney of New York, recommending that the proceedings be dropped.

### RECORD OUTPUT OF BEER.

Milwaukee Brewers Pay Revenue Taxes on 495,623 Barrels During July.

Milwaukee, Wis., Aug. 5.—A total of \$749,448 collected as taxes on beer was a new record for the month of July, according to the Milwaukee collector of internal revenue.

At the rate of \$1.50 per barrel, the sum represents 499,632 barrels. The amount collected during the same period a year ago was \$571,788.

Made in the Revenue  
Measure

### OTHER SECTIONS ALSO REVISED

Senate Continues to Debate  
on the Child Labor  
Measure

Washington, Aug. 5.—Radical changes were proposed by sub-committees in the revenue bill which was to be considered last night by the full membership of the Senate finance committee. Chairman Simmons said yesterday the nature of the amendments could not be made public until the committee had passed on them, but it is understood that in the munitions tax section copper has been eliminated and certain other commodities not mentioned in the House bill have been added to the taxable list.

Minor changes are said to have been made in the income and inheritance tax provisions.

### More Debate on Child Labor.

When the Senate yesterday resumed discussion of the child labor bill Senator Hardwick of Georgia led off the attack on the constitutionality of the measure, contending the right to enact such legislation was vested only in the states. The Georgia senator also pointed out that the Senate bill, in his judgment, far exceeds the limits set down by Congress and the supreme court in the lottery statute which proponents of the measure set up in defense of its constitutionality and after which it was patterned.

"I do not wish to be misunderstood in this matter," said he. "I am as thoroughly, as earnestly sincere in favor of enactment of just, reasonable, human and God-like laws for protection of children as any man in this chamber, but I say that the sole power to enact such laws is vested in the several states of the union and not in Congress."

Senator Hardwick declared no powerful lobby of southern manufacturers was working in Washington against the bill, but that a powerful lobby had been working here in its favor for years. He charged both political parties with "playing to political expediency" with it. Senator Robinson in presenting the bill on behalf of the commerce committee, told his southern colleagues there was a strong sentiment in favor of it in their states. He read extracts from newspapers in North and South Carolina, Alabama, Georgia, Mississippi and Texas favoring child labor legislation.

Answering contentions that the proposed act would effect an unconstitutional transgression of the rights of the states, the Arkansas senator declared that if the states in the exercise of the police power can suppress evils of child labor, Congress, through its power to regulate commerce, can promote the same end by denying the channels of commerce to persons and enterprises in the interest of the public health, morals and safety.

Senator Robinson asserted that Congress could do indirectly a great many things that it could not directly perform. "The lottery cases and the white slave cases decided by the supreme court," he said, "affirm the power of Congress to enact legislation in the nature of police regulations through its power to regulate commerce; that Congress has as much power to suppress recognized evils in the conditions surrounding the production of manufacture of commodities through a regulation of commerce as it has to accomplish the same end after transportation has ended."

### Organize Railroad Inquiry.

The joint committee created by Congress to investigate the railroad situation, including the advisability of government ownership, has organized by electing Senator Newlands chairman, Representative Adamson vice-chairman, and Senator Robinson secretary. The chairman and vice-chairman were directed to report a programme of procedure. Senator Newlands said a plan would be reported in a few days.

### President May Go to St. Louis Next Month.

President Wilson may go to St. Louis to attend the convention of the National Association of Life Underwriters, Sept. 10, 20 or 21. An invitation has been received at the White House and the president is seriously considering accepting it.

### SERIOUSLY INJURED.

Philo Dunham of Bakersfield Was Thrown from Load of Hay.

Bakersfield, Aug. 4.—Philo Dunham is in a serious condition from the effects of injuries suffered when he was thrown from a load of hay. One of the lines broke and Mr. Dunham was thrown to the ground, the wheels of the loaded wagon passing over his shoulder and side. His brother, Harley Dunham, and hired man took him to his home. Dr. Landon Abernethy, who was summoned, remained with the injured man all night. It is feared there are internal injuries.

### MIDDLE WEST DROUGHT BROKEN.

Rain Saves Crops of Wisconsin, Minnesota, Iowa and North Dakota.

La Crosse, Wis., Aug. 5.—Showers over Wisconsin, Iowa, Minnesota and North Dakota Thursday night and yesterday broke the severe drought, according to reports to the United States weather bureau. At Milwaukee 1.86 inches of rain fell and at Devils Lake 1.2 inches. Reports yesterday from farming districts in Wisconsin and Minnesota show that small grains, in many places reported lost, will be saved.

STANDARD OIL CO. OF N.Y.

BOUGHT BY MAJORS.

Jack Kelleher, Boston High School Boy,  
in Big League.

Boston, Aug. 5.—Jack Kelleher, former Brookline high school all-around athlete and former St. Louis Cardinal infielder, now with the Denver club of the Western league, has been purchased by the Brooklyn club at the end of the Western league season. President Ebbets of the Brooklyn club wanted him at once, but the Denver club would not consent to his going to the majors because of a chance of winning the Western league championship.

Kelleher has been burning up the Western league this year. He is hitting .330, and up to July 25 had scored more runs than any other player in the circuit. He is a right-handed batter, and a real slugger. Last year, when he hit .298 in 140 games, he made 136 hits, including 16 doubles, 17 triples and three home runs. He stole 21 bases. Facing the pitcher 511 times, he drew 35 bases on balls and struck out 50 times.

Charles H. Ebbets is enthusiastic over securing Kelleher, who is pronounced a coming star. He is almost five feet ten inches in height, and weighs 163 pounds. He has been playing baseball for four years and is only 25 years of age. He had a trial with the St. Louis Cardinals in 1912, but was turned back to the Springfield club, and went to Indianapolis in 1914. Last season he was with Denver.

### TINKER WILL STAY.

As Manager of the Cubs Despite the  
Stories.

Chicago, Aug. 5.—Joe Tinker will continue as manager of the Cubs despite New York stories to the contrary. Owner Charles Weismann of the Cubs mailed a yarn that Tinker was slated for the block with a statement that "it is absolutely untrue." "It's the first I heard of it," he said. "Joe is not to blame for the failure of the Cubs to show pennant form. The players are. Tinker will remain as manager and we'll do all we can to build up the team."

### BASEBALL BRIEFS

In St. Louis they are telling about a pennant and a bonus from the business men's club if the Browns win.

Lee Fohl caught a few games for the Pirates in 1902 and for the Reds in 1903. Perhaps this accounts for the references to the Indians' pilot as a minor leaguer.

Walker, the boy who came to Boston in the deal that gave Speaker to the Indians, is showing some great baseball ability and is showing better wares every day. His home run in Thursday's game against the Browns sailed high and fast into the left field bleachers, it being the first hit into the bleachers at St. Louis this year.

With Smith and Evers at points there seems to be a good deal of hard feeling in the Braves' camp.

It is a bad situation for the Braves at this stage of the season to have Ross Stallings out of the game under suspension.

No matter where Mathewson goes, he always finds a cordial welcome from the fans.

The largest crowd of the season turned out at St. Louis Thursday to see the Red Sox and the Browns battle through their 10-inning encounter, and there were only a few over 10,000 who watched the game at that.

Dumont, the young pitcher with the Washington team in the American league, who showed great class last fall and at the beginning of the present season, was sent to Minneapolis yesterday. Billed down, it means: "Cut the rough stuff and play ball!"

## UNION PRINTERS IN INDIANAPOLIS

Hundreds Are Arriving for Annual Baseball Tournament—Championship Game to Be Played Friday Afternoon.

Indianapolis, Aug. 5.—Hundreds of union printers arrived in Indianapolis today to attend the ninth annual Union Printers' baseball tournament which will be held during the ensuing week. The program for to-day included a "get-together" meeting at the hotel headquarters. President McGowan of Chicago delivered the address for the association. A. B. Hattery spoke for the local organization. Others on the program were Mayor Joseph E. Bell, and Charles A. Bookwalter.

The first ball games will be played tomorrow. Pittsburgh will meet the Indianapolis team, and Chicago will play Boston. After those games the teams to take part will be decided by a process of elimination, the winners have to play others each day until the championship is decided. Sunday night there will be a musical entertainment for the women and men together.

Except for three ball games, beginning at 10:30 Monday morning that day is open with no definite program. Tuesday also will witness three games. The big evening's entertainment for the men will come Tuesday night. The affair is to be in the nature of a stage smoker. Jack Dillon and his sparring partner, Gus Christie, will box four rounds, to be followed by a ten round bout between Pat McMahon of Indianapolis, and Roy Hurst of New York. Tommy Dillon and Stewart Donnelly, an Indianapolis man, will then go for six rounds. Four rounds between boxers who are not known so well will close the evening's entertainment. While the men are at the smoker the women delegates will be entertained at another affair.

A twenty-five mile automobile race at the Speedway will be the attraction Wednesday morning. Four well known race drivers will compete. The rest of the day is to be used for a picnic.

Thursday the ball games and a dance in the evening are on the program.

The championship game will be played Friday afternoon. The prizes are the Garry Herrman cup and Langston trophy. A business session Friday night, at which officers will be elected and the next tournament city selected will close the affair.

More than 1,000 districts where union printers are employed will be represented at the tournament and 1,200 persons or more are expected to attend before the end of next week. The present championship team is in St. Louis. There are eleven baseball teams in the organization. They are, New York, Boston, Washington, Cincinnati, Indianapolis, St. Louis, Cleveland, Chicago, St. Paul, Philadelphia and Pittsburgh.

### Observe Second Anniversary.

London, Aug. 5.—Every town and village in the British isles, as well as places throughout the empire, yesterday observed the second anniversary of Great Britain's declaration of war. Meetings were held and resolutions passed declaring a "determination to continue to the victorious end the struggle in the maintenance of those ideals of liberty and justice which are the common and sacred cause of the allies."
